RE: SOLOHS Subdivision

Dear Mr. Elmassalemah:

The Department has reviewed the proposal. After discussions with our Regional Traffic and Safety Office a Traffic Impact Study will not be necessary for this project. However the proposed will need to be constructed to the Departments Minor Commercial Driveway standards as it will service more than 6 homes The Department does provide conceptual approval of the project as proposed.

I hope this allows you to continue and complete your project in a timely manner. Please contact me at 845-340-1723, if you have any additional questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael P. Tinnie".

MICHAEL P. TINNIE
